The Dimmer VIEW

by Max Goodwin

Christian Dior, the dictator of feminine fashions, has with the drop of a waistline, consigned to the ashcan for a year or more, the delicately attractive curve of the bustline of every lady in the world.

I don't know how the rest of you fellows feel, but this tyrant, no matter what he does in the future, will never become a bosom friend of mine. What's more, there are others who re-nounce him with equal vigor. Immediate reaction came from Peggy Ann Garner, an actress of Hollywood, who called the Dior "bustless" fashion "ridiculous."

"Next they'll take away our right to vote," said she.

The Dior style is reminiscent to many of us with jaded memories, of the styles of the "Roaring Twenties" when being flat-busted had nothing to do with the contents of the ladies' pocket-books.

Marilyn Monroe has already announced to the style world that she "wasn't built for the Dior style" and Dagmar stated definitely that it would take more than a Dior decree to "flatten her out."

It is bad enough that Dior and his friends contrived this style to make last year's dresses impossible in the light of this year's "flat look." They have additionally wiped out completely the thriving sponge rubber false industry which the National Association of Manufacturers recently reported as being one of the modern miracle industries ranking with wonder drugs and fissionable material. Obviously the demand for these contrivances will drop and die, and retail firms will also take a loss in this department.

A few years back, the slim chested girls used to be the butt of a bit of doggerel, both unfunny and insolent. The more robust girls used to chide with "What nature has forgotten, she now stuffs with cotton."

But you can see who has the last laugh now.

I am, however, not the only one revolted by this turn of fashion events. Time Magazine last week reported a girl, in a girl-in-the-street interview, as having said "Any girl who goes for this flat look should have her chest examined."

When designers, several years back, ordained higher dresses, and wardrobes had to be replaced, that was fine because there were some collateral advantages such as chic calves on display. When the fashion experts developed the "plunging neckline" we fellows hid our reaction well. I can't recall a single complaint also some TV actresses had us worried when they overdid the "plunge."

This "flat look" must be stopped, if for no other reason than because Dior wants the emphasis transferred to the hips. I defy industry to develop a contrivance that will protrude mid-lady's anatomy in the same ratio in the back, as it once did in the front, and still allow her to maintain her grace and charm.

The building, a spanking new one has been built expressly for them in the 7800 block on Broadway between Spruce Reitz and Piggly Wiggly by Harry Griffen and Meyer Zung, co-owners of the property.

Marci's operates other stores in Chula Vista and El Cajon and maintains buying offices in Los Angeles and New York. The Highlanders have locations in Chula Vista and Pacific Beach.

An entertainment program will be offered at the Highlanders Friday evening from 7 to 9 when the Scottish Highland Scotch Band, together with a group of girl sword dancers, a total of 15 persons, will perform for visitors to either of the stores.

Marci's will bring their lines of street, dress, sport and casual

Optimists May Start Club in Lemon Grove

The College Center Optimists Club will sponsor a Lemon Grove group of the same organization, it was announced this week by Edward Chichester of the College aggregation.

An organizational meeting will be held on Wednesday, Aug. 25 at 7:30 p.m. at Michael's, for the purpose of getting the new club under way.

According to Chichester, local business and professional people have shown considerable enthusiasm concerning the prospects of the local Optimists Club.

Earl Jenner, Lemon Grove resident who is a member of the College Center group, said that Lemon Grove seems destined to become a great, little city and as such the demand for an Optimists organization is great.

Optimists International has as its creed the welfare of the youth of America. Other local service clubs include the Kiwanis, Lions and the recently activated Rotary.

Baseball Classic Between Service Clubs Nearing

Third annual renewal of the Kiwanis-Lions Baseball Classic will be an afternoon game on Sunday, September 19 at the school playground.

Both clubs are amassing their strength so as to offer the most formidable line-up possible.

The game, to be played for charity, will be open to the public and tickets soon will be urged upon local residents, according to Arva Piepenbrink, who is chairman of the Lemon Grove Swimming Pool Association. Receipts from the game will go into the swimming pool fund, the club presidents announced.

Sweetwater Road to Be Closed for Reconstruction

Sweetwater Road, from Broadway to Troy, will be closed for repairs, it was announced this week by Ed Singer, Superintendent of the County Road Department.

Southbound traffic will be routed over Kempf to Golden and down to Troy, he said.

Sweetwater will get a face lifting with a foot of the present roadbed replaced with a similar amount of select base. The road will be widened about eight feet in the reconstruction area, Singer said.

Attempt Made to Enter Lowe's Toggery

Burglars attempted to enter Lowe's Toggery, 3321 Imperial Ave., during the week end, according to Herb Lowe, operator of the shop.

Damage was confined to the lock on the door which the burglars could not open.

Little Sharon Roberts, 7536 Pacific Ave., and pedigree collie, Bill-Bo-Dot-Donald-Duck, pose for a picture that will be reenacted many times over, Saturday afternoon, August 28, when the Lemon Grove Chamber of Commerce sponsored first annual Dressed Pet Parade is held.

LENOX FOTO for the REVIEW

Every youngster who enters the first annual Dressed Pet Parade will be a prize winner, according to Arva Piepenbrink, who is in charge of the event for the Lemon Grove Chamber of Commerce.

Already more than 35 business firms have agreed to supply the prizes which will range from hair-cuts, items of apparel, to model airplanes with a gasoline motor, all of which will be distributed via gift certificates.

The parade will start promptly at 2 p.m. at Buena Vista and Pacific and paraders will troop down Pacific, across Main and Imperial, over Golden, to School Lane to the school grounds, where the judging will be conducted.

All children of all ages, 15 or under, are eligible, the only requirement being that the pet must be costumed, and prizes will be awarded on the basis of imagination used in dressing the pet, rather than high cost of costuming.

Some of the firms who will contribute prizes are: Cressy's, Petite Shop, L. G. Department Store, Arnold Sewing Machine, Hailip Drug, Western Auto, Shopping Center, Browne's Refrigerator, L. G. Pet Shop, Laney Shoes, Mills Home and Garden, Ranchers Feed Store, Wright's DoNuts, Carr's, Avalon Cafe, Lowe's Toggery, L. G. 'Ghosts' Gets Good Reviews—4 More Presentations Coming

"This is a production of professional caliber," stated Dr. Bruno Usher last Saturday evening, after attending the first performance of the Heartland Players' production of Henrik Ibsen's "Ghosts" in the new Lemon Grove Junior High School Cafeteria.

"Excellent cast, directed, and acted," stated Ralph Hastings. "You should play to capacity houses," said Paul Douglas. They were among those who reacted

Review Article Attracts Wide Attention

Considerable attention was directed to Lemon Grove during the past two weeks as the result of this newspaper's editorial column, "The Dimmer View," written by Max Goodwin.

In his column directed against society editors, the reaction was immediate and complete. The day following publication of the column the writer was requested to appear on TV, Channel 6, for an interview concerning the same. Radio station KFI in Los Angeles this week used a full 15 minute news program in a discussion of the column! Tonight Magazine picked up the material and published it in its current issue. Time Magazine wired this newspaper for a copy of the editorial which has been forwarded.

The editorial concerned the variance that persists between actual social events and the manner in which the society editors describe the function.

The Review foresees all society columns as such, but promised to use society news as regular news stories.

School Board Sets Pattern for School Viewpoint Of Incorporation

As pressure for a decision on community government grew in Lemon Grove last week, a flurry of clubs, groups and organizations stood up to be counted.

Most of these endorsed incorporation and several produced formal resolutions acknowledging this fact.

One of the most complete, which seemed to cover all elements having to do with school activity was passed by the Lemon Board at its meeting last week.

The motion to endorse incorporation was made by Attorney Frank Armstrong and was seconded by Bert Betts, Channing Mason was absent by virtue of vacation and Robert Brown of Vista La Mesa voted against it.

The motion, voted at the August 9 meeting is as follows:

WHEREAS, the matter of the governmental organization of the Lemon Grove community may have a very direct effect on the school district, therefore your Board of Trustees feel obligated to inform the people of the community as to what the effect of the three proposals now under consideration, annexation to San Diego City, incorporation, and status quo, would have on the present school district organization and, further, to recommend what the Board of Trustees considers to be the best method of governmental organization so far as the educational welfare of the children of the School District is concerned, and

Frank Foster To Run For Hospital Board

Frank Foster and Daughter
Frank L. Foster, 3541 Fairview Dr., manager of the Trans Counties Insurance Agency at 2232 El

Cajon Blvd., announced this week that he had tossed his hat in the ring for the unpaid position of member of the board of the Grossmont Hospital District.

"I would like to know the answer to many questions concerning the district's hospital operation and the best way to get the answers for myself and the people of the district, is to get on the board," he stated.

Foster is a veteran construction business service man, and has been an Elk for 23 years. He is married, has two plump, blonde youngsters, Jan and Janene.

Incumbents Homer Streich, Stanley Andrews and Ralph Peterson will also run. At least two other persons have taken out petitions and it is possible that others may likewise file before the August 25 midnight filing deadline.

"I think those who can serve community and civic projects without interfering with their livelihood should do so," Foster said. "Being in the insurance business I can regulate my time to suit myself. I have given considerable time to my neighborhood as president of the Brookside Improvement Association for the past three years and the results have been gratifying for us as a community."

Foster has been associated with the Builders Control Service and is a former Adult Education instructor of Architectural and Engineering drafting at the S. D. Vocational and Junior College.

"I would like to know exactly what the income from the 20c tax rate is for," Foster said. "Our property valuation was increased 20% but the tax rate was not reduced in spite of the fact the Board of Supervisors asked taxing bodies to reduce the rate in ratio to the increase in assessment."

Sid Silverman, operator of Marci's, greets David Phair, operator of The Highlanders while The Highlander's manager Ted Skelley looks on. Scene is at the address of the location of the two new shops which will open here Friday in the 7800 block on Broadway.

Handbook Reduces Vague Areas in School Operation

Relations between teachers, administrators, and school boards are steadily improving in California. As a result, bitter community fights over school matters are on the decrease.

This is the gist of a recently published report on a survey of personnel policies and practices of California school districts conducted by Dr. Kenneth Brown, Research Director of the California Teachers Association. Results of the survey show that most of the districts in which teacher-administrator relationships are considered most satisfactory are those in which the school board "has formally adopted personnel policies."

"This correlation is so high," said Brown, "that we can conclude without reservation that board-adopted policies are necessary if a district is to have a satisfactory personnel set-up."

Evidence that the trend is approved and will continue is indicated by the fact that approximately 40 per cent of the districts surveyed have board-adopted policies. An additional 35 per cent are engaged in studies anticipating a formal statement of procedures.

This movement toward written statement of district policies worked out by staff-administrator cooperation came as a result of a joint study by the C.T.A. and the California School Boards Association, which revealed that a large proportion of community

Local Crime Group To Continue Meetings

Another meeting has been called by church and P-T-A leaders for August 24, at 2:30 p.m. at the Junior High Cafeteria.

Rev. Don Cooke, pastor of the Lemon Grove Methodist Church, chairman of the group, said that enough evidence had been presented to the group on local lawlessness and juvenile problems to warrant continuing these meetings regularly.

Interested persons who do not belong to the group are invited to attend and should contact either Rev. Cooke or Rev. Dan Apra of the First Congregational Church by telephone.

Fights flare up in areas where policies have not been established.

A hand book of policies between the school board, the administrative staff and the teachers is being developed. The material which reduces present operating procedure into writing is designed to remove the vague areas of school board operation, said Frank Armstrong, board president.

This code of policies has been given to the Citizen's Advisory Committee for consideration and this week the committee returned it with a vote of confidence, and recommendation that it be put into practice, according to Rush Rowley, Advisory Committee chairman.

The code was developed by the school board and administrative staff at the request of board member Channing Mason.

Field Men Sought For State Tax, License Work

Men and women with business or accounting experience may qualify for early appointment as state field representatives, the State Personnel Board said today.

Employment is chiefly with the Board of Equalization, checking violations of tax, licensing or other laws. Field representatives receive \$341 a month to start, with periodic increases to \$415. At least two years' recent experience is required. It may include credit or collection management, office management, field or office supervision in the petroleum or trucking industry, public accounting or field auditing. Professional accounting training may be substituted for a year of experience.

An examination for construction supervisor IV, with a final application date of August 20, was also announced by the board. Salary is \$821 to \$1,000 a month. MRS. SPEAKS IS SECOND WINNER IN WEEKLY PHOTO CONTEST

"Boy With Ukulele" wins prize in local contest

Second winner of the summer-long Review-L.G. Camera Shop photo contest went to a box camera user, Mrs. R. C. Speaks, 6695 McArthur Dr.

The winning picture was a snapshot of her grandson, Stephen Franks, 2½ years old. Strictly an amateur, Mrs. Speaks said that this is the first contest she has ever entered.

For her effort she will collect a haul of prizes which includes a rich cake from the Swedish Bakery at Mayfair; two tickets to any showing at the Grove Theatre and a free basket dinner at Richie's Drive-In Restaurant on Broadway.

Any picture may be entered in the contest, according to Bob Vaught, owner of the Camera Shop, 7848 Broadway. The contest is not restricted to film processed at the Camera Shop, he said.

Winners will be chosen for photographic interest rather than for artistry, he said. No purchase is necessary to enter.

Work is progressing well on the gigantic new air conditioning system in the Counties Building at the California State Fairgrounds. Fair officials promised that the huge building will be cool this year.

Slow Traffic Must Use Right Lane Say State Cops

"Any motor vehicle traveling slower than the normal flow of traffic must be operated in the right hand lane or as close to the right edge of the roadway as is practicable," explained Captain H. W. Clodfelter of the San Diego County California Highway Patrol Office.

"One of the most dangerous accident-causing violations occurs when selfish drivers place their cars next to the center line and cruise along at slow speeds which force other drivers into errors of impatience or carelessness," Capt. Clodfelter pointed out.

Bill Howell, traffic officer assigned to this area said "Every driver must understand that this law applies regardless of the posted speed limits, or when driving slower than the speed of normal flow of traffic. Exceptions," he said, "are when a vehicle is preparing to make a left turn, or when passing another automobile."

Bedding Dahlias Are Tonic For That Late Summer Droop

One of the nicest things that can happen to a Lemon Grove garden is to have a planting of dwarf bedding dahlias. These are seed grown plants that give color

DWARF DAHLIA

almost overnight and that bloom for months on end with a bare minimum of care. No staking and no fertilizing are generally needed. Care should be taken to avoid wetting the leaves at night to prevent mildew. Also regular spray schedules should be maintained to control the standard garden pests. A watchful eye for gophers and moles is also wise as the dahlia tubers do have a special temptation for these pests.

Dwarf bedding dahlias can be planted now and still give a show of color this season that will last until frost in most sections of California. They should be planted in loose rich soil in a full sun spot. Good drainage is essential. In bloom they will outperform most of the late summer annuals with the added bonus of a good crop of tubers to plant in next year's garden. The flowers are carried on clean straight stems that are excellent for cutting and the colors vary over a wide range of beautifully blended shades.

Many plants are available in Lemon Grove that work well with dwarf dahlias and should be planted along with them. Petunias, dwarf marigolds, and phlox will grow a little lower than the dahlias. Borders can be planted with ageratum, dwarf border begonias, lobelia or alyssum, while background items could be delphinium, tall salvia, tall marigolds or giant zinnias. A particularly nice combination is a dark blue delphinium such as Blue Jay or King Arthur with a band of the dahlias planted in front and then a step-down planting of dwarf yellow marigolds, bordered with dwarf white begonia or white alyssum.

'POPS' CONCERT TO HAVE 'SURPRISES' FOR YOUNGSTERS

Entertainment for the entire family—from the youngster to the oldest—is to be the theme of a "Pops" concert scheduled Aug. 31 in Balboa Park Bowl, San Diego.

Popular music at its best, with conductor-composer Meredith Willson directing the San Diego Symphony Orchestra, and the famed Spanish dancers, the Trianas, will highlight the evening's performance. There also will be surprise entertainment and gifts for the children.

The event, which will start at 8 p.m., is sponsored in support of the summer symphony series.

The shop will bear the name of Evelyn's Flowers and Fine Candies and will offer personalized service for every occasion and will cater to weddings, funerals and hospitals.

Proposition 2 proposes a state-wide bond issue of \$100 million for grants and loans to districts which, though having borrowed to their legal capacity, are still unable to provide adequate facilities for the boys and girls of their communities.

Organizations which have representatives on the steering committee are California School Boards Association; California Teachers Association; California State Chamber of Commerce; California Real Estate Association; California Farm Bureau Federation; and California Congress of Parents and Teachers.

A statement from the committee declared that "by 1960 there will be an enrollment increase of more than one million in the state. If there is to be room for all, a 13-room school must be built every day for the next six years."

LETTERS TO THE EDITOR

PINE VALLEY RESORT
COBB, CALIFORNIA

Dear Sir:
Just a note to tell you how much we look forward to receiving the Review every week. Your column, "The Dimmer View," is the first thing I read—keep up the good work.

We are enjoying the resort business tremendously even though it entails long hours and hard

work. The Betts family will be here next week. Gordon Boltz, Bill DeHoff and family were among Lemon Grovans who stopped in to see us on their way to Clear Lake.

Yours truly,
Mrs. F. M. Frates
(A former Lemon Grove resident)

Dear Mr. Goodwin:
The Board of Directors joins me in thanking you for the all-

out support of your newspaper during the recent Cancer Crusade and the past year.

Without the co-operation of civic minded citizens like yourself, the important educational work being done in San Diego County for the control of cancer would not be effective.

Sincerely yours,
Mrs. Howard L. Chernoff
Chairman
Public Relations Committee

To the Editor of the

Lemon Grove Review:

We are happy to see a group of fine citizens concerned and attempting to cope with the present day juvenile situation in this community. As long as parents can get together and intelligently talk things over there is still hope of solving the problem to some extent.

We were glad to see some ministers present in the group. (The ministerial P-TA bi-weekly meetings.) Herein lies the most perfect answer to all juvenile problems. Statistics have long proven that children who attend Sunday School are practically nil in being instigators of crime. Children whose parents also see to the assembling of themselves together for spiritual help have a 50% better chance than those children whose parents sleep-in or find excuses to stay away from church.

With such wide-awake law enforcement officers and civic-minded citizens concerned and on the job we can remedy the dangerous situation.

Respectfully yours,
Mr. and Mrs. Z. C. Robinette

YOU BE THE JUDGE!

PATENTS

Much of our nation's strength rests upon the brains and ingenuity of our scientists and inventors. Our Constitution and the patent laws aim to give them rights in their inventions and to encourage them to pour out new labor saving devices.

You may have good, useful ideas, but never do much about them. You can patent your new and useful process, machine, article of manufacture, or composition of matter, or an improvement in any one of them. However, your patent application must be completed and filed in the United States Patent Office within one year after the first sale or first public knowledge or use of your device or process. If your application is not on file within one year you forfeit your right to a patent.

You may not know how to protect your rights while perfecting and patenting such items. Under our patent laws, the one who first conceives a new invention is entitled to a patent on it. If claims conflict, the patent office and the courts try to find out who first had the idea, not who first sought a patent.

Kurtz, baritone soloist, and Wesley B. Tourtelotte, organist.

Of course, apply for a patent as soon as you can, but protect yourself while you make your drawings, plans, and such tests as you need to perfect your patent. As soon as you can, write out and date the facts, describe and sketch your invention, if possible. Have two persons, whom you can call on as witnesses, note the date and state on the statement that they have read and understood the statements and drawings. Retain the witnessed statement and drawings in a safe place. Then, if a contest should arise, the statement, drawings, and witnesses will evidence your claim.

You will thus set up a date showing you first got your idea. After you do that, go on with your work, perfect your idea, and apply for a patent—as soon as you can.

In applying for a patent, you may file and prosecute your own case or you may be represented by someone authorized to practice before the Patent Office.

NOTE: The State Bar of California offers this column for your information so that you may know more about how to act under our laws.

Mayfair patrons are a lot of people just like you—with your concern about your family's well-being and with an eye on the pocketbook.

"I like the whole store but especially the snack bar," said David. "I put ideas in the Suggestion Box and one time they accepted one and the manager was really glad to get it. I don't mind doing the shopping as long as there are markets like Mayfair."

Virginia Auker, 7558 Pacific Ave., lives with her mother, Mrs. Clark. "I like Mayfair because of their employees. I think they are the nicest in town," she said.

"Mother likes unusual things and Mayfair always has them," she added. "I like the wide aisles and clean merchandise, too."

Thelma and Howard Johnson operate the Johnson Nursery at 6904 Adams Ave. in La Mesa and all of their shopping is done at the Lemon Grove Mayfair market.

"Operating the nursery has taught us the advantages of buying top quality merchandise, and this includes food," Thelma said. "We have two youngsters, Susan 8, and Nancy 6, are good eaters. Mayfair low prices and top quality makes shopping easy."

Business is what if you don'tget you're out of
Sometime ago the Dixon Line carried an item on the matter of our expensive school buildings being used only nine months of the year and we added that no commercial institution could operate at a profit with that kind of overhead. The August 9 issue of TIME has this item in the correspondence column. We quote by way of support—
"Sir: We with college education or the equivalent and working 49 or 50 weeks out of the year are tired of teachers demanding an equal salary. I believe one way to settle the problem of teacher shortage, teachers' salary and school room shortage, is starting a year around work year for the teacher and a rotating system for the children. MUSICAL NOTES
An oboe is an ill woodwind. That nobody blows good.—DL—
Recently we took in a Summer Symphony Concert at Balboa Bowl. The opening number was Mozart's Jupiter Symphony which we thoroughly enjoyed. The piece de resistance was an opera oratorio—"Oedipus Rex" by Stravinsky—the text of which was based on a Sophocles legend and rendered by a 100 voice male choir, with orchestra, in Latin, translated from the French which was all Greek to us. The plot was about as complicated as a jig-saw puzzle involving murder at the cross roads, plague, incest, child abandonment, consultation with the oracle AND domestic troubles, but it all comes out in a wash—we hope. Anyway, it left us prostrate! We are seriously thinking of taking up a course in musical depreciation so we can have some idea of what all the noise was about. Israel, the Angel of Music, took flight at the start of the second number, and did not return!—DL—
The years that a woman subtracts from her age are added to the ages of other women!

S. V. Southern Baptist Church to Mark Anniversary

The Spring Valley Southern Baptist Church will celebrate its first anniversary with homecoming festivities Sunday, September 5. The goal established by the congregation is for 130 members, or ten times the number which attended the first service which was held as a mission of the First Baptist Church of Lemon Grove on this date in 1953.

There were 23 charter members when the mission was made into a church on December 6 of that year. Since then, 35 persons have been added to the church's rolls. Sunday school enrollment is 97 at present.

Services are held every Sunday in the Community Building on Memory Lane in Spring Valley. Sunday School is at 9:30; Church Service is at 11; Training Union at 7 p.m. and Evening Worship is at 8.

Brother A. Lacey is pastor and John Blaine is superintendent of Sunday School.

SKULLDUGGERY SUSPECTED AT 'DUDES' DANCE

Ann and Irv Torkelson were the gracious hosts of the "Dancin' Dudes' Square Dance" on the first Friday of the month, Chester Rhodamel, club vice president, was seen making mystic motions over the out-door slab just before the first dance of the evening and whatever the incantations were that he muttered should be used again for the floor dancing. Skullduggery was suspected on the platform where Pete Mighetto, club caller, and Ted Stadther, club president, distributed and "drew" tickets for the prize cake. Pete won the cake! Refreshments after the dance were well prepared and served by Max and Lida Andrews and Jim and Theresa Beatty. Watching guests and dancing guests are always welcome at the St. John of the Cross floor where the "Dancin' Dudes of Lemon Grove" hold their weekly square dance.

Ghosts Walks Again

Continued from Page 1
strongly and very favorably to this excellent production of one of the great masterpieces of the modern drama.

"Ghosts," written by Henrik Ibsen in 1881, was one of the most controversial, one of the most startling plays of the modern dramatic renaissance. Centering around the relationship of a widow, Mrs. Helen Alving, and her son, Oswald, the play develops the theme of "the sins of the fathers visited upon the children." Others in the play are Alving's illegitimate daughter, Oswald's half sister, who has been taken into Mrs. Alving's home; the daughter's supposed father, a drunken, hypocritical carpenter; and a bigoted pastor who had once been in love with Mrs. Alving.

Esther Jensen, well known for her local dramatic performances, carries the lead in the play as the "emancipated" Helen Alving. Bill Johnson, a promising beginner, plays the difficult role of the son, Oswald, whose inherited paresis catches up with him at the end of the play. "A difficult part beautifully acted," said Ralph Hastings of Bill Johnson's performance.

The three minor roles are played by Art Thompson as the carpenter, Carla Treurniet as his daughter Regina, and Bud Coffin as the bigoted minister, the Reverend Manders. Art Thompson was last seen locally in the Globe Theatre production of "The Silver Whistle." He is regularly affiliated with the Chula Vista Players. Carla Treurniet has just graduated from Helix High School, where she played in the Senior play production of "Angel Street." She plans to continue her dramatic activities this fall at San Diego State College. Bud Coffin designed the settings, directed the plays, and plays the part of Reverend Manders.

There will be four more performances of this production of "Ghosts." The play is being given Friday and Saturday. It is being repeated on the following Friday and Saturday, August 28 and 29. Curtain time is 8:30. General admission is one dollar.

The auxiliary co-sponsored the camping trips of the Lemon Grove Recreation Association. The next meeting will be a dinner meeting.

GOD THE ONLY MIND SAYS SERMON

"Blessed be the name of God for ever and ever: for wisdom and might are his; . . . he giveth wisdom unto the wise, and knowledge to them that know understanding" reads the Golden Text from Daniel (2:20, 21) in the Christian Science churches on Sunday. The Lesson-Sermon is on the subject "Mind." It stresses God's nature as the source and substance of intelligence and consciousness.

Civil Defense

By CHARLES GURLEY

Even though dispersal is the generally accepted idea as being the best plan in event of a bomb attack we shouldn't altogether abandon the building of shelters, wherever it is desirable or possible for the reason that what-

ever is done to lighten the load of our highways and avenues of dispersal will benefit the situation generally, reasoned Dr. Frank B. Gigliotti, zone warden for the Lemon Grove District yesterday.

"There are many fine hillside locations which would be perfect for shelter sites in this area where excellent shelters might be built at comparatively slight cost," said Dr. Gigliotti, "and we have plans and have the personnel in Civil Defense with whom anyone who contemplates building such a shelter may consult beforehand."

There is always a possibility of putting this matter off until the manana suddenly arrives when it is just too late as all optimists are quite apt to do. You'll just have to decide whether you'd rather be a live pessimist or a dead optimist.

Welch's Wax . . . At last! A record store in the heart of Lemon Grove that we can call our very own. That's the latest news everybody's been talking about lately. So from here on out this record column will alternate with Ratner's of San Diego and Welch's of Lemon Grove until the Lemon Grove store pleasantly dominates this article. In about a month or so Welch's will be the number one platter selling store as far as the REVIEW's concerned. O.K? O.K! By the way, the store's address is 3455 Imperial Ave. and has its timbers located between the Grove show and the REVIEW office. The friendly and hard-working manager is Johnny Welch and the phone number there is HO 6-9682.

Jazz Will Out . . . Ordered to disband by the Communists in East Germany, 18 jazzband artists rebelled and exited to the West Berlin refugee zone where they could freely pursue their hot licks. The undaunted musicians and their girl vocalist held an impromptu jam session in the refugee center. Their music, termed "uncultivated American jazz" by the Communies, was given promise of a booking from the United States high commission station RIAS (Radio in Allied Sector) which said the band would be given a free world airing before being flown to Western Germany.

Record Round-Up . . . Here are this week's top ten rhythm and blues as compiled by Welch's: (1) "Honey Love," Clyde McPhatter. (2) "Work With Me Annie," Midnighters. (3) "Sexy Ways," Midnighters. (4) "Sh-Boom," Chords. (5) "Shake, Rattle and Roll," Joe Turner. (6) "What a Dream," Ruth Brown. (7) "I've Got My Eyes on You," Clovers. (8) "Just Make Love to Me," Muddy Waters. (9) "You're Cash Ain't Nothin' but Trash," Clovers. (10) "Goodnight, Sweetheart," Spaniels. (Wierd titles, no?)

Humboldt County's exhibit at the California State Fair, Sept. 2 through 12, will feature its splendid recreational attractions, plus dairy products, fruits and grains. An animated hunter and brown bear will be the central figures.

ELKS BREAK GROUND FOR NEW LODGE BUILDING . . . 1906

From the Historical Collection of Union Title Insurance & Trust Company
The history of San Diego is rich in fraternal lore. As early as 1851, members of the Masonic order were meeting in private homes in Old Town. By the booming days of the '80s, other lodges were being founded in great numbers.

San Diego Lodge 168, Benevolent and Protective Order of Elks, was instituted June 8, 1890. Like other fraternal groups of the time, meeting places were many and varied. Starting with 30 charter members, the young lodge met in Horton's Hall, the gas company building, and even in private homes.

This June, 1906 photograph from the historical collection of Union Title Insurance and Trust Company shows the ground-breaking ceremonies for the new Elks' Building on the northwest corner of Second and Broadway.

Frank S. Banks, Exalted Ruler, is shown assisting Alonzo Horton, then one of the oldest living Elks and San Diego's first citizen, in the ground-breaking festivities.

The new building was completed in 1907, and since that time has become a famed San Diego landmark. Present membership in Lodge 168 totals more than 1,650.

Congress Votes Housing Benefits To Servicemen

Congressman James B. Utt (R-28th District) said this week that servicemen in the armed forces and their families will find it easier to purchase homes as a result of the new housing legislation which will soon become a law.

Section 222 of the National Housing Act will establish a new FHA mortgage insurance pro-

gram of housing for a member of the active military establishment providing he meets certain requirements. He must have a certificate issued by the Secretary of Defense indicating that he requires housing; that he is serving on active duty in the Armed Forces of the United States and that he has served on active duty for more than two years.

He must either occupy the property or certify that his failure to do so is the result of his

military assignment. Certificates will not be issued to persons ordered to active duty for training purposes only.

Mortgages can be insured to a maximum of 95% of a total of \$18,000. Premiums on the insurance would not be payable by the mortgagee while the serviceman owns the home but would be paid yearly by the Secretary of Defense from appropriations for the pay and allowances of persons eligible for mortgage insurance under this section.

Mother Goose Trophy for Lemon Grove Displayed

The Lemon Grove trophy for the forthcoming Mother Goose parade which will roll down El Cajon Blvd. Sunday, November 21 is being displayed to Lemon Grove publisher Max Goodwin by Jack Schrade, president of the parade organization.

Schrade said that Mother Goose members would extend full cooperation to other communities which have community affairs for the effort of taking part in the El Cajon event.

Lemon Grove, except for an annual rodeo, and a swimming pool carnival, has no community event scheduled.

Americanism, says Dr. Calvin Nichols, is trying to make people good by law, and trying to make business good by proclamation.

"The mature mind," says Dr. Robert Swenson, the town's dentist, "is the one who will criticize his country, his state, his town, only if he is willing right now, to step out and help correct the faults."

These buildings are located on School Lane, between Golden Avenue and Lincoln Street, and on the grounds of the Golden Avenue School, in Lemon Grove, California.

Buildings are to be removed from the premises at the expense of the bidder within fifteen (15) days after notification of acceptance of the bid by the governing Board, and premises are to be left in good condition, free and clear, immediately after removal of the buildings. All combustible materials and other rubbish, including shrubbery and trees which have been cut or uprooted to facilitate removing operations shall be removed from the premises by the purchaser upon completion of moving operations, leaving only concrete foundations and concrete flat work on the premises. In the event any utility service lines are discovered, destroyed, or otherwise impaired in any way by reason of the removal of said improvement, the purchaser at his own cost shall cap, replace, or make safe said utility lines to the satisfaction of the District and/or the utility company supplying such service.

The above-described buildings are to be sold as a unit and only a lump sum bid for the five (5) buildings will be accepted and shall be submitted in writing and filed with the District Superintendent at the Office of the Governing Board, 3202 Acacia Street, Lemon Grove, California, not later than the above specified time for opening. Each bid must be accompanied by a certified or cashier's check for not less than five per cent (5%) of the amount of the bid, made payable to the order of the LEMON GROVE SCHOOL DISTRICT, of San Diego County, California, as a guarantee that the bidder will complete the purchase upon acceptance of his bid, and will be declared forfeited if the successful bidder refuses to complete the purchase after being requested to do so by this Board. Oral bids will be received at such public session, provided they are made by responsible persons, and are for a price exceeding by at least five per cent (5%) the highest of any written proposal received.

If the successful bidder fails to remove the improvements within the specified time, he shall forfeit all his rights to said property, as well as all moneys paid on the purchase price, and thereupon title to said improvements shall revert to the District to dispose of as it sees fit, without recourse by the purchaser.

The Governing Board reserves the right to reject any and all bids, either written or oral, and to draw such property from sale; also to waive any informality in the bidding.

Dated this 9th day of August 1954.

MARSH MASLIN, S. F. columnist—Quickest way to make enemies is to criticize cats. I said I liked cats but didn't think they're remarkably bright—and a hundred letters have called me an astrophobe.

"Highland Lads And Lassies"

By BOB TURNBULL

Smile... "There is only one person more exasperating than a wife who can cook and won't—the wife who can't cook and will."

Helix Cheerleaders... (Third in a series of four). Today you are going to meet Gary Ekam, one of two fellows in next year's yell-crazy quartet. Gary is the athlete of the group, has participated in varsity football, JV football, B basketball and interscholastic gym activities. Gary is the Rolando Hi-Y's prexy-elect.

Miss Double J... Joni James appeared in person a few moons back at the Mission Beach Ballroom. It was a Saturday night and the doors were wide open. Soon every inch of hardwood was being trod on to the "jump" and "sway" tunes of Claude Gordon and his music-makers. Joni held the 1500 teeners spellbound as she sang such pop songs as "Why Don't You Believe Me," "Purple Shades," "My Love, My Love," "Maybe Next Time," "Wishing Ring," "You're Fooling Someone," "Have You Heard," and others. Some of the old gang seen there were Lorraine Sawyer 'n Karl Jordan, Karen Dawson 'n Don Lewallen, Janet Valentine 'n Chuck Harter, Peggy Lester 'n Monty Dickinson, Jill Sonka 'n Bob Turnbull, Letha Dial 'n date, Jim Barow 'n date, Ronnie Lewallen 'n date, Larry Shaw 'n date, Dickie Proo 'n date, Jim Dushel 'n date, and Emma Lou Henderson 'n date.

The Name's NOT the Same... I repeat: "Highland Lads and Lassies" will no longer be the title of this column. I feel that I've outgrown this heading and I want to branch out to greener pastures. So if you will, please, look for "Throwin' the Bull" in

next week's paper.

Jazz a la Carte... Don't forget this! Irving Granz presents the second in a series of concerts entitled "Jazz a la Carte," August 21 at the Russ Auditorium at San Diego High. The world's greatest and coolest jazz concert will take the stage at 8:30 p.m. This star-studded show is featuring: The nation's number one tenor sax artist, Stan Getz; the Red Norvo Trio with Tal Farlow on guitar (Downbeat winner); Buddy DeFranco and his quartet; the Max Roach-Clifford Brown quintet; (The man who plays two bass drums) Louie Bellson and his all-stars featuring Zoot Sims and Harry "Sweets" Edison; and the surprise of surprises—the King of the Jazz Singers, Cab Calloway, making his first appearance on the jazz scene after two years with the Broadway production "Porgy and Bess." Tickets are on sale at Ratner Electric, 8th and Broadway in Diego. Phone BE 4-3363 for further information.

"Oh Happy Day"... "Nola," "Josephine," "Minnie, the Mermaid," "Bubbles in the Wine," and other favorite songs were heard recently at the Mission Beach Ballroom. It was a cool Tuesday eve and the band was none other than Lawrence Welk. The dance was thrown for a worthy cause by the North Park Kiwanis. Mary Morrissey 'n Bob Turnbull, Darlene Sayre 'n George Roach, Lois Desserich 'n date, Kenny Stapp and his steady chick, Pat Seymour 'n Lennie Weber, and Eloise Williams 'n Karl Smillion were seen there.

Congratulations... are in order to Miss Aurora Disibio who recently wed Mr. William James Hill of La Mesa. Mrs. Aurora Hill graduated from Helix year 'fore last.

The Names Aren't the Same... For those of you who are loyal REVIEW readers from stem to stern every Thursday I know you haven't forgotten Max Goodwin's cheerful column (The Dimmer View), he recently wrote, where he took off against society col-

FOSTER MOTHER OF 12 FINALLY GETS DEGREE

HOLDING DIPLOMA from University of Redlands, Cal., Mrs. Helen Doss, 38, proudly sits with 12 adopted children and husband after receiving degree. Her education was delayed by taking children "nobody else wanted" into her home. From left, seated: Rev. Carl Doss, holding Gregory, 3; Mrs. Doss; Diane, 8; Rita, 8. Standing, from left: Alex, 4; Tim, 7; Ted, 9; Susan, 8; Laura, 8; Richard, 12; Dorothy, 12. Donald, 12, and Elaine, 9.

urns and said they could go to blazes. Personally I thought it was nothing short of sensational once you were able to decipher his dictionary words. Obviously so did the men who own and print California's home magazine "Fortnight," for they quoted three-fourths of his column on page 20 of their most recent edition. I agreed with Max to his last bitter word. But after thinking things over I began to realize that although Max's editorial wasn't aimed at my humble column, it is the closest thing to a society column in the REVIEW. So I would like to take this opportunity to promise my readers two things.

First, that I won't continually reprint the same names over and over each week. You will note that my list of people's titles vary with the occasion. I've always tried in the past to put everybody's name in I possibly can. Second, that if I should attend a "lousy" dance, a "boring" ice-cream social or a party that "floppe," I will say so! I will always present the truth before I decorate my paragraphs with phony flowers. If only six people came to a party, the cake sagged in the center and the chaperones were gilded, you'll hear about it! O.K. O.K!

Bob Fields, Mary Rewicz and Katherine Pendergrass will play in the orchestra.

The Victor Herbert operetta is being produced by the San Diego Park and Recreation Department with all proceeds going to the San Diego County Cerebral Palsy Foundation. A total cast of 231 will participate including 31 soloists and speaking roles, a chorus of 70, 50 members of the Junior Civic Ballet and 80 Youth Symphony members.

Direction of dancing is by Maria Fielding, dramatics by Charles Jeffers, voices by Carl Dewse and orchestra by Walter Peterson. The cast, composed entirely of high school and junior high age students, is making its own scenery and costumes.

Tickets for "Babes in Toyland" are on sale at all San Diego playgrounds, at the Balboa Park Administration Building and through all members of the cast. The Cerebral Palsy Foundation will deliver tickets to the door of those who call BE 9 2032.

Mrs. Landesco Gives Altar Lace to St. Philip's in Memory Of Her Husband

Confirmation classes for adults at St. Philip's will begin at 8:00 p.m., Thursday, August 26, the Vicar, the Rev. J. Phillip Bartlett, announced. Classes for children will begin on Wednesday, September 1, at 3:30 p.m.

Mrs. John Landesco of Monterey Heights presented St. Philip's with a length of exquisite antique lace and two 18th century silver candlesticks in memory of her husband, John. The lace will form an altar frontal for festival use, and the candlesticks will be used for chapel services.

The Vicar is training a group of young boys to attend him as altar boys, or acolytes.

Kirby Harry Hills, infant son of Mr. and Mrs. Kenneth Hills, was baptized on Sunday, August 15.

An adult choir practices weekly and soon will be vested and leading the singing.

The Woman's Auxiliary plans to hold its Harvest Festival on the church grounds on Sept. 24 and 25. One booth, attractive to both children and adults, will be the candy table, to be presided over by Mrs. Arthur Daniell and Mrs. Russel Ray. Delectable candy of all types will be offered for sale.

Citrus Fruit Cups For Variety

Florida grapefruit, oranges and tangerines are available in markets in excellent supply, and at prices which should be an invitation to their daily use. Probably the most popular use, after juice, is in fruit cups, for first course or dessert.

Here the sections are combined with sliced bananas and diced apple (leave red peel on for color contrast); with finely cut dates and shredded (leave red peel on for color contrast); with finely cut dates and shredded (leave red peel on for color contrast); with coconut; with diced avocado and chopped pimiento (omit sugar); with sliced strawberries; with orange or lime sherbet.

Chill fruit before preparing it for fruit cup. To section, cut off peel in strips from top to bottom, cutting deep enough to remove white membrane. Then cut slice from top and bottom. Go over fruit again removing any white membrane. Cut along side of each dividing membrane from outside to middle of core. Remove section by section. Sprinkle sections lightly with sugar.

He knows where his next meal is coming from...and he's looking forward to it...because he owns a home freezer — and for the home freezer owner, life is a series of wonderful meals. But that's not all. A home freezer gives you these advantages, too:

New food economy. With a home freezer you save money by taking full advantage of seasonal abundance. When meats, fruits and vegetables are at their peak and prices are lower, you'll make big-quantity purchases to freeze for economical out-of-season eating enjoyment.

New food convenience. You spend less time shopping when you own a home freezer. You'll fill your freezer from the wide selection of easy-to-fix frozen foods and complete frozen meals you'll find in your grocer's frozen food department. Food preparation is easier, too. Cook entire meals when you have plenty of time, and freeze them for the future.

New food enjoyment. Fish, game, home-grown fruits and vegetables...all these can be perfectly preserved in your home freezer for tempting meals and easy entertaining months later. Freezing preserves the natural freshness, color and flavor, with no loss of vitamins or minerals. Frozen foods taste better!

Bishop Kennedy of Methodist Church Named Message Chairman

Announcement comes from Rev. Don Cooke of Lemon Grove Methodist Church that Bishop Gerald Kennedy has been selected by the National Council of Churches to be chairman of their Message Committee. This group will convene at the gathering of world leaders in religion who are now meeting at the World Council of Churches at Evanston, Ill. The bishop supervises Southern California, Arizona and Hawaii for his denomination, so this community is in his jurisdiction.

Bishop Kennedy has become widely known for messages to his outlying churches through the medium of motion pictures. He sits casually before a mike and the cameras, and can chat with the Methodist membership as the film is screened. He is being teamed in a broadcast with Bishop Hans Lie of Germany at the current gathering of World Council of Churches.

A recognized authority on books, Bishop Kennedy has also been selected by the National Council of Churches to broadcast a coast-to-coast program beginning August 22 and running for 11 weeks. The title will be "Pilgrimages into the World of Books" and will be heard on ABC and affiliates.

A few months ago the bishop delivered the Beecher lectures at Yale University. "Although he is a scholar," Rev. Cooke says, "this

County Swim Stars Compete in Fiestabachia

County swimming stars competing on the San Diego Swimming Association, San Diego Club, and La Mesa Swimming Association teams, will race against international swim stars at the Fiestabachia Swimming Championships and Aqua Festival Friday and Saturday at Mission Beach.

Foremost competition for locals is expected from the Australian men's team of Gary Chapman, Jon Hendricks, David Hawkins, and Cyrus Weld, stars of the recent British Empire Games in Canada. Team strength is anticipated from the Los Angeles Athletic Club, the Phoenix, Arizona Swim Club, the Berkeley Swim Club, the Pacific Coast Club and swim clubs in Huntington Beach, El Segundo, and Monterey Park.

different interests, are slated to clash in the San Diego, a race which annually separates the wheat from the chaff among the top handicap horses stabled here. Trainer Mischa Tenney, who conditions for Rex C. Ellsworth, has listed a double-barreled entry of Norooz and Fleet Kahl for the San Diego, while Robert Hyatt McDaniel, the nation's leading trainer, has countered with Last Round for himself and Stranglehold for his patron, N. Course in Firearms To Be Offered By Sport Enthusiasts

There will be a four-week course for teen age children, boys and girls, starting August 25, in the art room of the Junior High School. This course is to train young people the proper method of handling firearms. Children under 16 years of age will not be issued hunting licenses without either having passed this course, or have proof they had a license issued to them on the previous year.

The instructors will try and teach them how to use firearms safely, and how to conduct themselves while hunting and out on the firing range, so that there will be fewer hunting accidents.

Thirty per cent of all hunting accidents have been caused by youngsters under the age of 16. This course is designed to help reduce these accidents, according to authorities.

Postmaster Frenchy Faucher and Roger Johns of the Lemon Grove Sport Goods are to be instructors.

SACRAMENTO—Nine of the 19 girls entered in the California State Fair "Maid of California" contest thus far hailed originally from out of state. Four were born in Oklahoma. More than 40 entries, representing as many California counties, are expected to compete Aug. 29, the Sunday before opening day.

LA JOLLA ROUGH WATER SWIM AND AQUA FIESTA WILL BE HELD AUGUST 29

Top amateur swimmers in California and many western states began filing applications this week to compete in the La Jolla Rough Water Swim and Aqua Fiesta which will be held in the Jewel City Aug. 29.

Sponsored by the La Jolla Town Council, the 23rd annual staging of the water classic promises to be one of the greatest in the history of the event.

Famous figures in sports, distinguished civic and military leaders from communities throughout the Southland, and motion picture celebrities will be on hand to witness the day-long spectacle.

Dutch Smith, nationally known professional diver in charge of special events, said yesterday that a number of exhibition and comedy diving acts have been included in the program.

Divers will perform from a board over a rock-bound inlet at the Cove in La Jolla.

Highlight of the event, however, will be the Rough Water Swim, a grueling, mile-long test over a triangular course stretching out from the Cove.

'Most Beautiful' Legit Theatre to Open in Hollywood

The most beautiful legitimate theatre in the world, the Huntington Hartford Theatre, located in the heart of Hollywood at Hollywood and Vine, will open its doors with a fabulous premiere on Monday night, September 27. The opening attraction will be Helen Hayes, known as the "first lady of the theatre," in Sir James M. Barrie's modern classic, "What Every Woman Knows."

The new theatre will represent an investment of approximately a million dollars and has been in the process of construction for nearly a year. The property, originally the Vine Street Theatre, was built in 1927 and housed many hit plays with many of the top names of show business. It became a victim of the depression in the 'thirties and until its purchase by Huntington Hartford, millionaire philanthropist and patron of the arts, it was the Lux Radio Playhouse, from which emanated many of the most famous radio programs of all time.
